EDUCATION

Associate of Science: Associate Degree in Computer Science

Norwalk Community College - Norwalk, Connecticut

GPA: 3.4 | Graduation: August 2023

MBA: International Business

Long Island University - New York, NY

GPA: 3.3 | Graduation: June 2008

Payap University - Chiangmai, Thailand

Bachelor of Arts: Communications and Advertising

GPA: 3.4 | Graduation: June 2002

Motivated front-end developer. An associate degree in computer science, August 2023, Norwalk Community College. Two years of experience with web development at NCC and personal projects, and self-taught through FreeCodeCamp.com and w3school. Seeking to use proven skills in HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, SQL, and PHP to help businesses reach their goals.

WORK EXPERIENCE

Computer Science Projects

2020-2022

Norwalk Community College

Relevant Courses:

Computer Fundamentals, Web Development, Web Design, Database Management System, Object-Oriented Programming, PHP.

Relevant Experiences:

- Designed and built a responsive website for a farm business using HTML&CSS, JavaScript, and Bootstrap which included developing pages, coding, and debugging.
- Collaborated with a team of students to create a responsive website design for a women-owned custom tuxedo business: created wireframes, developed prototypes for a website, and built a project by HTML&CSS, JavaScript, and Bootstrap.
- Created a responsive travel website about Yosemite National Park to simplify and enhance the user experience utilizing HTML&CSS, JavaScript, and Bootstrap.
- Constructed a static HTML file using PHP and MySQL to create a currency converter application that allowed the user to convert between two different currencies which performed the calculations in a dynamic fashion.

Personal Projects:

2020 - 2023

- Building an e-commerce website for children's fashion using JavaScript, React.js, Bootstrap-React, CSS, and HTML.
- Creating an e-commerce website for a wine shop using React.js, Bootstrap, JavaScript, HTML, and CSS.
- Creating a Word Guessing Game (similar to Hangman) using Dynamic HTML, CSS, and JavaScript.
- Built a variant of the Tic Tac Toe game using player images rather than x and o as well as giving a choice for the player to select their own avatar, keeping all validation in place by integrating with Html, CSS, JavaScript, and Dynamic HTML.
- Created a To-Do List project, gallery images project, and shopping card project by using React.js, JavaScript, HTML, CSS, and Bootstrap-React. Used understanding of React.js fundamentals to promote better component life cycle practices.
- Created an e-commerce site to sell Asian food products. Used JavaScript, HTML, CSS, Bootstrap.
- Created an online menu with order functions using JavaScript.
- Built a calculator project using JavaScript (Object-oriented programming).

WORK EXPERIENCE

Junior Business Analyst

2012 - 2015

Wildlife Artists, Inc (Toy Company), Bethel, CT

- Worked with an operation team and a financial team to create a business model and logical data models for efficient budget management strategies such as improving cash flow.
- Assisted in analyzing root causes of missteps in the business by evaluating areas of concern; made suggestions for improvements in quality of operations, and managing cost.
- Communicated with a sales team and a development team in examining and improving project sales, product lines, and existing business strategies.
- Worked with clients to meet their requirements to identify business plans and goals.

Farm Financial Operator

2010 - 2012

Koon-Mow Farm, Chiangmai, Thailand

- Perform accounting duties as directed including budgeting and costing control.
- Responsible for calculating cost pricing of work-in-progress stock items
- Interpret the statistical and accounting information to appraise operating results in terms of cost, budgets, trends, and increased profit possibilities.
- Worked with clients to meet their requirements to identify business plans and goals.

Financial Advisor Internship

2009 - 2009

AXA Advisor, LLC, New York, New York

- Conducted market research to determine the match between clients' investments and their goals.
- Generated sample client portfolios with supervision.
- Collaborated with the wealth management team to gain new potential clients via a marketing campaign.
- Assisted in organizing a financial education seminar for clients and potential clients.
- Assisted in creating reports that resulted in a better understanding of current performance.
